Friday, April 27, 2012

7:00pm – 10:00pm

Cost: \$50.00

Puppy Enrichment: Creating Confident, Competent & Coordinated Puppies

This workshop is designed for breeders, shelters, rescues and anyone interested in or already involved in raising puppies from birth to 16 weeks. Suzanne will provide practical ideas for environment and social enrichment aimed at helping puppies become the best they can be. Detailed information on development of the puppy brain, body, reflexes and social behavior will be given.

Suzanne Clothier has raised 7 generations of her Hawks Hunt German Shepherds, as well as litters of other breeds. Her approach to raising puppies has helped private breeders of several breeds raise “the best puppies ever!” Most notably, her ideas were put to the test and implemented by Guiding Eyes for the Blind, one of the world’s largest guide dogs schools, producing approximately 450+ puppies each year.

Whether you love knowing more about helping puppies become the best they can be, wonder how to polish up the genetic material in your breeding program, or just love puppies, this is a fascinating evening full of puppies!
