

# ***Agility with the Agility Nerd*** *aka Steve Schwarz*

## ***Jumpin' Jehoshaphat! - Conquering Jumpers Courses*** ***Saturday, March 17, 2012; 8:30am – 12:30-pm***

Jumpers and Jumpers With Weaves courses can be challenging for many agility teams. There are no contacts/tables on which the handler can “regroup” and since the dogs never stop they are moving faster. Consequently, there can be little room for handling error.

In this ½ day seminar Steve helps handlers:

- Find places to get ahead
- Trust their dogs so the handler can move on
- Identify and address handling/training issues

Working teams will run very challenging Jumpers With Weaves courses. Teams should be competing at or above the Open/Advanced/L4 level and no remedial weave training will be covered.

## ***International Flair! Running International Agility Courses*** ***Saturday, March 17, 2012; 1:30pm – 5:30pm***

International handling challenges are appearing in more AKC and USDAA courses. Excellent and Masters level teams need to be ready for them. Learn how to conquer these challenges by applying the handling techniques you and your team already possess. You don't need special skills, just the clear and crisp application of cues and crosses already in your toolbox.

In this ½ day seminar Steve helps teams work on key challenges of International Courses

- Handling the Back Side of Jumps
- The Double Back Side
- Offset 180s
- “Extreme” Jump Wraps

This seminar is geared toward dog and handler teams competing in at least Open/Advanced/L4 levels and no remedial contact/weave training will be covered.
